LAURA WADE

PHOTOGRAPHY

Hi, I am Laura and I am a creative and emotive wedding photographer. I live in Lancashire with my husband Carl and two of the most wonderful little boys that we are lucky enough to call our very own, Rory & Walt. My style is a combination of editorial and cinematic photography.

I am a storyteller, captivated by human emotion and fleeting moments and I would love to tell your tale of forever.

LAURA x

## MY STYLE

Thank you for taking the time to get to know me and my work, I'm never happier than when I know you are drawn to the images I create. My interest in photography and documenting those fleeting moments that pass you by all too quickly began after the birth of my eldest son, Rory. It very quickly grew into a passion that has become my life. Each wedding I photograph in so many ways is completely different to the one before.

The people, the moments, the emotion, the story.

“Moments like these aren't staged and cannot be re-created, they each happen organically and to me, that is the magic!”

During your couples portraits there may be moments when I will offer a little direction to the two of you. I want your images to look and feel like you however a little direction will help us to together create some truly beautiful and cinematic imagery.

LISTEN TO THE WIND, IT TALKS.  
LISTEN TO THE SILENCE,  
IT SPEAKS. LISTEN TO YOUR HEART,  
IT KNOWS.

## THE DETAILS

I understand the hours, days, even months that you have put into creating the most effortlessly elegant setting for your wedding day. The stems you have chosen that will fill the room with a scent that will transport you right back to that day. The handwritten speech with anxiously frayed corners that its owner has nervously recited 100 times.

To me these images will always be as important as the big moments.

## INVESTING IN YOUR STORY

I like to keep things simple, especially at a time when you have so many decisions to make. For that reason I offer 1 complete package to include:

- A pre-wedding consultation to get to know you and your plans for the day
  - Complete coverage beginning with preparations until 9.00 pm
- Individually edited images with copy right permissions (min 650 images)
- A custom etched glass USB presented in a handmade sustainable leather pouch accompanied by a larger custom printed pouch enveloping 30 individually selected prints

£1,750.00

If you would like to add a second shooter to your package please get in touch for more details.

Should you wish to choose Laura Wade Photography, you can secure your wedding date with a non-refundable booking fee of £350.00.

Your outstanding balance would become payable 1 month prior to your wedding day.

## BESPOKE NOVEL

I believe I have found the most timeless way to present your story. An alternative to the many variations of the traditional wedding album.

Your bespoke novel is a 150 page 8.25 x 11 inch hard back novel. The interior pages are made from the recycled paper of tales once written and each one is bound in beautifully soft fabric wrapped in a customisable editorial dust jacket. I will personally take full creative control over documenting the most detailed account of your tale for you to re-tell for years to come.

Your bespoke novel can be purchased for

£325.00

## PRE-WEDDING SHOOT

Run with me. Let's adventure, let's create something so organically beautiful, something that is not typical of the imagery we will create on your wedding day. Whether we find ourselves wandering through the overgrown fields of summer or running through peaceful shores at sunset or even conjuring intimate moments beneath a cascading waterfall ... I promise you an adventure.

Your pre-wedding shoot can be added to your wedding package at a cost of £200.00\*

\* The location must be within 60 miles of my home and the session is to be paid for on or before the date on which it will take place.

## TESTIMONIAL

With her creative background and artistic presentation Laura Wade was the obvious choice as our wedding photographer. Laura does far more than just take photographs, she tells the story! Her ability to capture and combine an easily overlooked detail or moment of sincerity in a way that can dramatically enhance the memories of your special day are to be admired. Added to that she is a joy and pleasure to have in your company, her rare and subtle skill of being ever available but never intrusive or overpowering are assets that help her to stand out as a first class wedding photographer. Her genuine warmth, effortless smile and personable demeanour makes Laura the perfect choice for couples looking to capture what her style embodies, Romance!
